Re: Planning ref. PL 21/236– Development of the recommencement of quarry operations at Aghamore Near, Aghamore Far and Carrownamaddoo townlands, Co. Sligo

Dear Sir/Madam

I wish to lodge an objection to the above application on the grounds that:-

- The scale and size of the proposed recommencement of the development of the quarry operations is vastly inappropriate to the areas in question and will have a very imposing negative impact on the landscape which in turn, will have a very negative impact on the residents of the area and will undoubtedly affect tourism.
- Any further development of the quarry will have an impact on the water supply from nearby Lough Gill which supplies drinking water to up to 40,000 people resident in Sligo and Leitrim.

Having checked with your office previously, I have been informed that politicians are exempt from paying the €20 fee.

Yours sincerely

Marc Mac Sharry
